DETAILED ACTION

Status

Claims 19-26 remain pending,

Response to Arguments

1. The Applicant's arguments filed on August 31, 2005 have been fully considered.

As per claims 19-26 the Examiner finds that limitations of amended claims 19-26 are not disclosed in any prior art references.

Allowable Subject Matter

Claims 19-26 are allowed over the prior art record.

1. The following is an Examiner's statement of reasons for allowance:
2. The closest prior art of record Wright Jr. et al. (US Patent 6,324,542) teaches a connectivity to handheld devices. "Creating a Policy-aware web: discretionary, rule-based access for the world wide web" teaches a rule based policy management system for the World wide web.
Ota (JP 2004342075 A) teaches a system for storing information on smart cards.

What they fail to teach or suggest:

A. providing a mobile device having a visual display, a broker and a personal agent computer having a personal agent database: wherein the mobile device, the broker and the mini-server are each separate computers: transmitting a query which include identification information to the broker; transmitting the query to the personal agent computer; processing the query according to rules obtained from the personal agent database; obtaining requested information; formatting the requested information for the visual display of the mobile device; transmitting the requested information to the mobile device; displaying at least a portion of the requested information on the visual display of the mobile device

This distinct feature renders claims 19 and 23 allowable.

Claims 20-22 and 24-26 are dependant upon claims 19 and 23 and are allowable for the same reasons.
